Q. I live in the district and would like my child to attend a building in the district other than the one assigned to my neighborhood. Do I have to fill out a Schools of Choice application?

A. Schools of Choice Section 105 is for Oakland County school district residents who do NOT live within the Walled Lake Consolidated School District boundaries. In your situation, you would need to fill out a Transfer Request.

Q. I do not live in Oakland County. Can I still apply for Schools of Choice?

A. In order to apply for Schools of Choice in our district, you must be an Oakland County school district resident. For example, if you live in Livonia, (Wayne county), and your resident school district is Clarenceville, (Oakland County district) you would be able to apply. If you lived in Livonia and your resident district is Livonia (Wayne County) you would NOT be able to apply.

Another example is, if you live in Novi (Oakland County) but your resident district is Northville (Wayne County district) you would NOT be able to apply. Your resident school district for your address, must be an Oakland county school district. If you are not sure if you are eligible to apply, please call our Student Services department at 248 956-2085.

Q. My child was accepted previously as a Schools of Choice student in your district. Do I have to re-apply for Schools of Choice every year in order for him/her to remain in your district?

A. No. Once your child has been accepted as a Schools of Choice student, he/she is entitled to remain in the district until graduation. The only way your child would not be able to remain here is if he/she was expelled.

Q. I currently have a student enrolled in your district under Schools of Choice. I would like his/her sibling to also attend your district. Do I have to fill out a Schools of Choice application or does he/she automatically get to attend?

A. You must fill out a Schools of Choice application (during the application window) for each sibling. Siblings are not automatically ‘grandfathered’ in.

Q. I just found out you were accepting Schools of Choice applications and it is past the application deadline. Will you accept late applications?

A. No. By law, we cannot accept applications once the application window has closed.
Q. Our family moved out of the district after the Schools of Choice application deadline. At the
time the application window was open, I did not know I would be moving. Can I still apply to
have my child remain in the district under Schools of Choice.

A. No. By law, we cannot accept applications once the application window has closed.

Q. We moved out of the district. My child will be in the 11th grade next school year. I noticed
that Schools of Choice is only available for grades K-10. Does this mean I will not be able to
apply for Schools of Choice and my child will not be able to stay in the district?

A. That is correct. You will have to enroll your child in your new resident school district.

Q. We moved out of the district during my child’s junior year. Schools of Choice is not an
option for a senior. Is there any way he/she would be able to remain in your district and
graduate?

A. There is a good possibility that he/she MAY be able to remain here for his/her senior year.
Please contact our Student Services department at 248 956-2085 for more information.

Q. May a local school district limit the applications it will accept to a certain building, grade
level or specialized program?

A. YES.

Q. Can a local school district refuse to enroll a pupil based upon the age of the applicant?

A. YES. A local school district could refuse enrollment if the district determines that the
program for which the pupil is applying is not appropriate for the age of the pupil.
