March 2, 2020

Dear Parents:

As the safety of our entire school community is paramount, we continue to monitor developments related to Coronavirus, or COVID-19.

Although there are no confirmed cases of COVID-19 in Michigan, residents are still being urged by the Governor’s Office to take all necessary precautions to prepare and keep themselves and their families safe. According to the Michigan Department of Health and Human Services, the risk of outbreak is low, but the State is still making preparations to limit the spread and impact of COVID-19.

Rest assured, Walled Lake Consolidated School District continues to work closely with, and follow guidance from, the Oakland County Health Division, the Michigan Department of Health and Human Services, and the Centers for Disease Control and Prevention (CDC).

The best prevention for COVID-19, and any other virus, such as the cold or flu, is to:

- Wash your hands often with soap and warm water for 20 seconds. If not available, use hand sanitizer.
- Avoid touching your eyes, nose, or mouth with unwashed hands.
- Cover your mouth and nose with a tissue or upper sleeve when coughing or sneezing.
- Avoid contact with people who are sick.
- If you are sick, please stay home and avoid contact with others.

We will reinforce these best practices with our students, and we ask that you do as well.

The Oakland County Health Division has provided the attached fact sheet to help address concerns. [Coronavirus Disease 2019 (COVID-19) What You Need to Know](https://www.oakgov.com/health).

The CDC provides a situation summary that is updated daily as needed, [Coronavirus Disease 2019 (COVID-19) Situation Summary](https://www.cdc.gov/coronavirus/2019-ncov/index.html), as does the Michigan Department of Health & Human Services Communicable & Chronic Diseases.

The CDC will continue to prepare for the potential spread of COVID-19 and will provide guidance to communities ([CDC Protects and Prepares Communities](https://www.cdc.gov/coronavirus/2019-ncov/community/index.html)).

If you have questions about COVID-19, please contact the Oakland County Health Division at (248) 858-1280 or health@oakgov.com or visit [https://www.oakgov.com/health](https://www.oakgov.com/health).

We will continue to share information as it becomes available, and we will err on the side of caution.

Sincerely,

Kenneth Gutman
Superintendent of Schools
