“Positive Behavior Support” (PBS) is a school-wide system of support that includes strategies for defining, teaching, and supporting appropriate student behaviors. The goal is for students to learn to manage their own behavior and academic achievement, which results in a better learning environment for all students.

Our school wide-expectations include:

“Be Safe”
“Be Respectful”
“Be Responsible”

Throughout the year we will focus on our building guidelines and acknowledge positive behaviors that are observed.

**Hickory Woods Pledge**

I promise to be kind, be safe, be respectful and be responsible. I will choose to act using my mind. I will help each day to keep Hickory Woods Elementary a peaceful place to be.
Let it begin with me.
