Your Career Possibilities

STEP 1: You and the World of Work

The World-of-Work Map is your key to hundreds of jobs in the work world. The Map shows 26 Career Areas (groups of similar jobs) according to their basic work tasks involving people, things, data, and ideas. The Map is divided into 12 regions. Each region has a different mix of work tasks. For example, Career Area P (Natural Science & Technologies) mostly involves working with ideas and things.

STEP 2: Your Interests

When you completed PLAN, you were asked to:

• Choose a Career Area(s) that interests you
• Complete an Interest Inventory

Your results are shown on the World-of-Work Map below.

• You chose Career Area(s) Engineering & Technologies
• Your interest inventory results suggest that you may enjoy jobs in map regions 2, 3, and 4. See the Career Areas in these regions.

STEP 3: Exploring Career Options

The Career Area List below shows examples of jobs in each of the 26 Career Areas. A star (*) indicates jobs that are highly related to your preferred Career Area.

Admission Standards

Colleges differ in their admission standards. For example, most students in “selective” colleges have ACT Composite scores in the range of 21 to 26. Some admitted students may have scores outside the range.

Profile for Success

Engineering & Technologies

Score 19 or above on one or more of your PLAN scores fall below the benchmark scores of many colleges. Suggestions for improving your skills are listed on the back of this report. Talk to your counselor or teacher about courses that can improve your skills. Check college websites to learn more about their admission requirements.
