OSTC Enrollment Process 2019/2020

Students interested in attending Oakland Schools Technical Campus next school year will need to begin the enrollment process by following the steps below:

1. Go to www.ostconline.com
2. Click on ‘Southwest’ on the top
3. Click on ‘Admissions’ and then ‘Apply Now”
4. Create an Account:
   a. Fill in all required information
   b. Do NOT use your school email, make sure to remember the email and password you use so you can access your account later
   c. You will need parent information
   d. Choose the Southwest/Wixom campus
   e. Choose your first and second choices for programs
   f. ALL Western students are assigned to the AM sessions!
   g. Your program should match your EDP, the careers you are interested in on Career Cruising, so make sure to say ‘yes’ to this question.
5. Review all of your information for accuracy and then click ‘Submit’

Students interested in programs at other campuses such as Cosmetology, Construction, or Homeland Security should meet with their counselor to discuss the plausibility of these options.

Once your application is submitted, you will begin to receive updates and information to your email directly from OSTC so remember to check your email. Your counselor will also be notified that you have applied so that they can complete their portion of the application and process any additional paperwork needed.

If you need help with the application, or access to a computer, please visit the Counseling Center or Career Center in the Media Center where someone can help you with the application. Students will be notified of final acceptance into OSTC during scheduling in March.

The enrollment window is OPEN now! Enroll ASAP to increase your chances of securing a spot at OSTC. Programs do fill and enrollment is limited. Do not forget about the OSTC open house on February 28, 2019 where you can see firsthand the programs and opportunities available.

Priority will be given to students who apply by February 14th!!!
