The best work of each student will be reflected in his or her official transcript. If a student repeats a class:

- The low grade and credit for the original class will be dropped from the student’s transcript and will not be figured into the computation of the GPA
- The repeated class will be assigned a symbol (R) indicating a repeat
- Students will receive a letter grade and credit for their best work when repeating a class in summer school or during the regular school year at an NCA accredited school
